

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

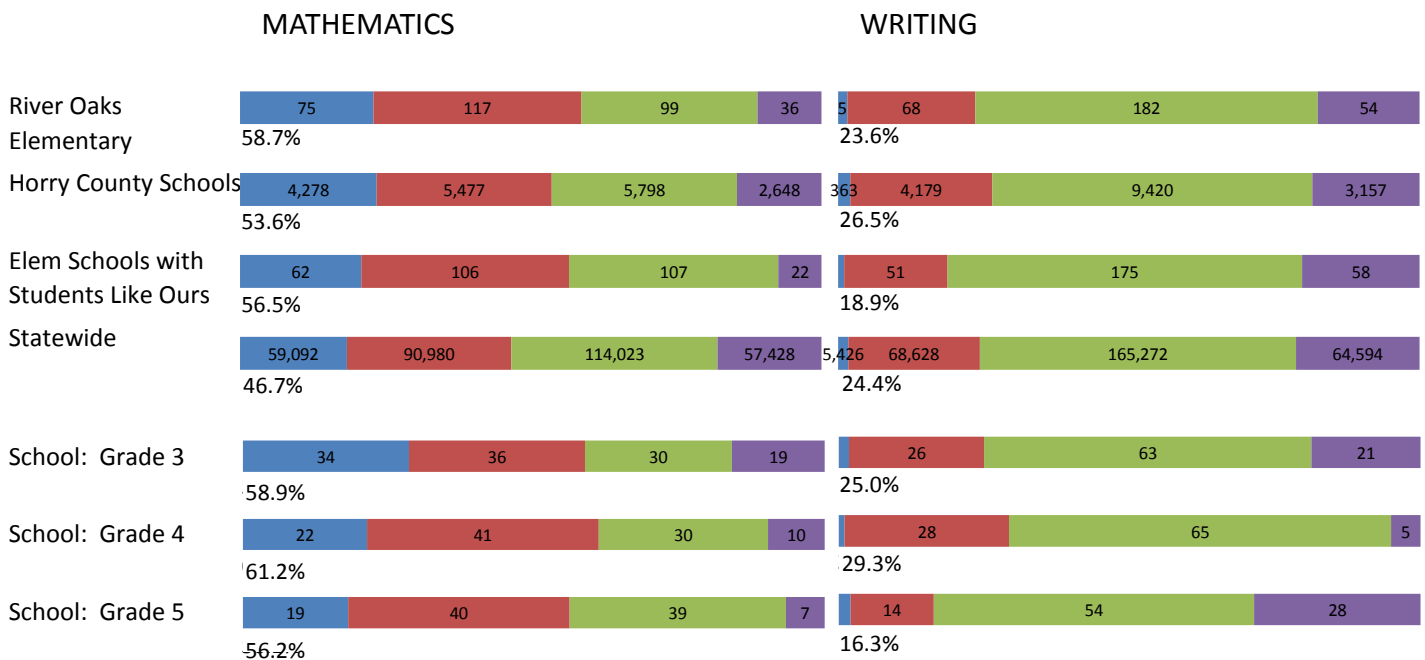

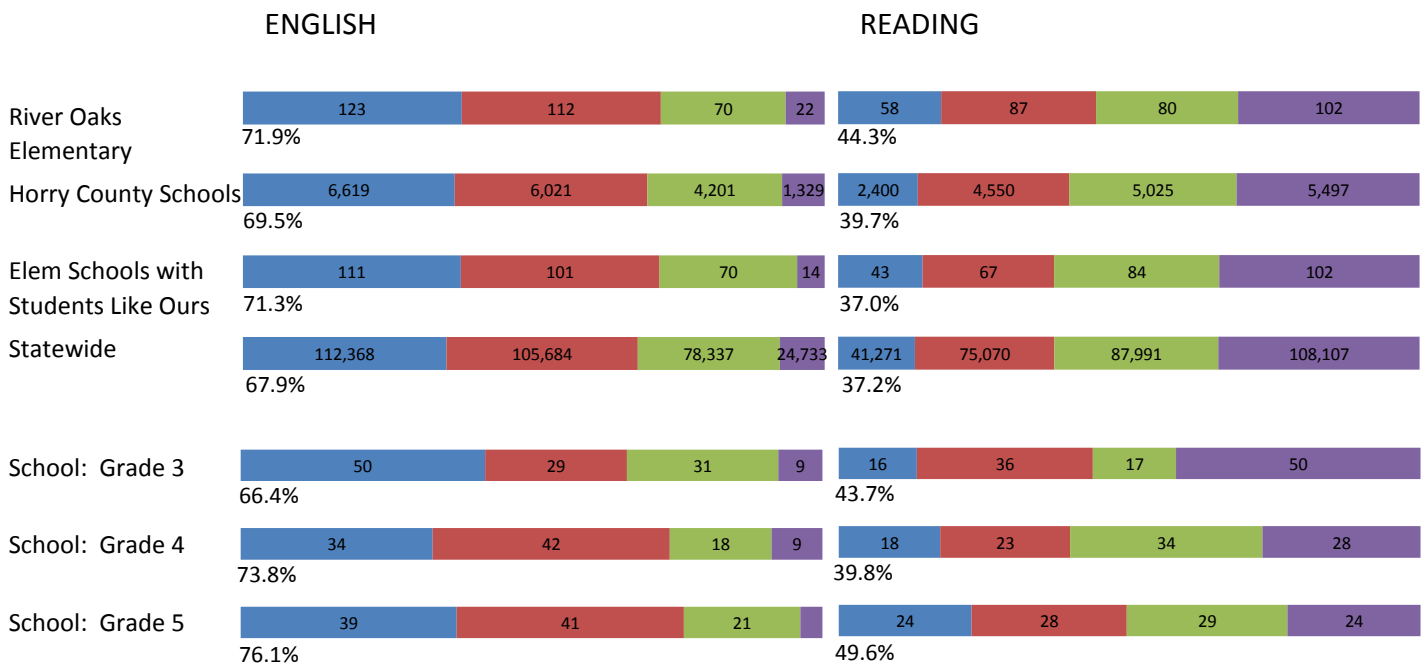

Our school is helping all students develop world class skills and life and career characteristics of the Profile of a graduate through striving to consistently examine all practices in our school in light of how student achievement may be improved. Research-based practices indicative of high achieving elementary schools are focused through the 7Cs framework. Through our framework, we focus on Children Achieving, Curriculum and Teaching, Community, Culture, Collaboration, Character, and Common Language. At River Oaks, we are "Catching the Wave of High Academic Achievement." In our efforts to promote high academic achievement, our faculty and staff collaborate through a Professional Learning Community (PLC) environment to collect and analyze data through a variety of assessment tools including MAP, DIBELS, CIRCLE, ACT Aspire, and district benchmark tests. Through this data analysis, teachers are able to target instruction, use formative assessment, and monitor progress to meet the specific needs of each and every student. Student learning is further enhanced in a blended learning environment where teachers work directly and closely with individual students and groups of students, while other students in the classroom learn by using technology and digital content focused on their unique learning needs. River Oaks students are truly working harder to get smarter! Performance and moral character traits are promoted through the implementation, modeling, and celebration of the Horry County Schools' life skills based on the work of Susan Kovalik and The Center for Effective Learning. As well, River Oaks believes it is important to support our local community through service learning projects. The entire school community participates in activities that support the United Way, the March of Dimes, ALS, the Salvation Army's Angel Tree, the American Red Cross, and a canned food drive to assist our local food pantry. We fully participate in the Horry County Solid Waste Authority's "Talkin' Trash" initiative. The faculty and staff at River Oaks looks forward to continuing our collaborative efforts with our parents and community members to help our students become globally-minded citizens and lifelong learners.
